

Meet some friends that helped me understand my family visits better:

### **Ready Rabbit**

Ready Rabbit learned some great ways to plan for her visits so there weren't so many surprises!

### **Feelings Fox**

Feeling Fox had lots of different feelings while he lived away from his family and went to his family visits. Maybe you do too.

Did you guess who my friends were?

### **Back and Forth Beaver**

Back and Forth Beaver felt very confused, living away from his family, seeing his family for visits, and then saying goodbye again... until he learned some tricks!
