

Join our Online Discussion

During our conference, we encourage you to interact and engage with one another and us via social media. This handout provides a brief overview of how we will be using Twitter and Facebook to virtually interact with one another.

Twitter

Key terms:

- Tweet: The Twitter message
- Handle: The name of someone's [Twitter] account; @CASCW_MN is CASCW's Twitter handle
- Hashtag: A keyword preceded by the # symbol, created as a way to stream messages. Clicking on a hashtag will show you all other tweets utilizing that hashtag. This conference's hashtag is **#CWSubstanceUse**.

Visit <http://twitter.com> or download a free app for use on your tablet and/or smart phone to set up your free account. Follow us by going to https://twitter.com/#!/CASCW_MN and clicking on the Follow button.

For this conference, we will be live tweeting and taking questions and comments for the presenters. Please use the hashtag **#CWSubstanceUse** so we can track your comments and questions. Additionally, if you are sending us a question, make sure to type @CASCW_MN at the end of your tweet; for example:

How can the child welfare and substance system work more collaboratively? #CWSubstanceUse @CASCW_MN

Just make sure your tweet is 140 characters or less or it will be cut off.

Facebook

Visit <http://www.facebook.com> or download the free app on your smart phone and/or tablet to set up your free account. Like our page at <http://www.facebook.com/CASCW>. We will be posting pictures of the event and we will be accepting questions and comments for the presenters via user posts on our Timeline.
